Handcrafted Wooden Toys

Cheekeyes Dino Theme

Cheekeyes Coral Reef Theme

The Cheekeyes

Cheekeyes are series of refreshing wooden toys with distinctive pink **cheeks** and dreamy **eyes**.

Our skillfully crafted toys are handmade from eco-friendly rubberwood and partially painted allowing the owner to appreciate the wood they were made from.

Cheekeyes Rainforest Theme

Sustainability

Our wooden toys are made from sustainable and high quality rubberwood which is collected from rubberwood plantations. Rubber trees produce a commercially valuable sap.

However, after around 25 years, a rubber tree will start to produce much less latex, and these older trees are harvested so that new rubber trees can be planted. This process of **recycling** ensures that deforestation is never an issue.
